

PowerLite® PowerDense®

PowerFilm® TracRite® AL

Jeep®

JEEP WRANGLER UNLIMITED SAHARA

Product Content

- AAM PowerLite® Aluminum Rear Axle
- AAM PowerLite® Aluminum Front Axle
- AAM TracRite® AL Automatic Locking Rear Differential

Technology Demonstrated

- PowerLite® Aluminum Designs, TracRite® AL Differential Technology, Disconnecting Front Axle, High Efficiency Axle Features

Features / Benefits of Technology

Features:

- Carrier Integrated Front Axle Disconnect (FAD)
- Electronic Locking Rear Differential with Automatic Locking Capability
- AAM Fuel Economy Technology Integration

Benefits:

- Light Weight - 42 lbs. Lighter than Current Production
- Lower Operating Temperatures (>100° F Reduction at Davis Dam)
- Improved Fuel Economy (97.6% Efficiency at Highway Speeds)
- Improved Off-Road Capability
